## Training, support and guidance

This section of Finchley Catholic High School's Policy outlines the training, support and guidance that our centre will provide to those determining teacher assessed grades this year.

### **Training**

This section provides details of the approach our centre will take to *training, support and guidance in determining teacher assessed grades this year*

- *Teachers involved in determining grades in our centre will attend centre-based training to help achieve consistency and fairness to all students.*
- *Teachers will engage fully with all training and support that has been provided by the Joint Council for Qualifications and the awarding organisations. Records will be kept of training attended.*

### **Support for Newly Qualified Teachers and teachers less familiar with assessment**

This section provides details of our approach to *training, support and guidance for newly qualified teachers and teachers less familiar with assessment*

- *We will provide advice, guidance and mentoring from experienced teachers to NQTs (and NQT+1s) and teachers less familiar with assessment.*
- *We will put in place additional internal reviews of teacher assessed grades for NQTs (and NQT+1s) and other identified teachers as appropriate.*

## Use of appropriate evidence

This section of our Centre Policy indicates how our centre will give due regard to the section in the JCQ guidance entitled: *Guidance on grading for teachers*.

<b>A. Use of evidence</b>
<p>This section gives details in relation to our use of evidence at Finchley Catholic High School.</p> <ul style="list-style-type: none"> <li>• <i>Teachers making judgements will have regard to the Ofqual Head of Centre guidance on recommended evidence, and further guidance provided by awarding organisations.</i></li> <li>• <i>All candidate evidence used to determine teacher assessed grades, and associated documentation, will be retained and made available for the purposes of external quality assurance and appeals.</i></li> <li>• <i>Candidate evidence produced on or after 24<sup>th</sup> March will be available, either electronically or physically. For evidence produced before 24<sup>th</sup> March, this will be available where possible.</i></li> <li>• <i>We will be using student work produced in response to assessment materials provided by our awarding organisation(s), including groups of questions, past papers or similar materials such as practice or sample papers.</i></li> <li>• <i>We will use non-exam assessment work (often referred to as coursework), even if this has not been fully completed.</i></li> <li>• <i>We will use student work produced in centre-devised tasks that reflect the specification, that follow the same format as awarding organisation materials, and have been marked in a way that reflects awarding organisation mark schemes.</i></li> <li>• <i>We will use substantial class or homework (including work that took place during remote learning).</i></li> <li>• <i>We will use internal tests taken by pupils.</i></li> <li>• <i>We will use centralised assessments taken over the course of study.</i></li> <li>• <i>We will use records of a student’s capability and performance over the course of study in performance-based subjects such as music, drama and PE.</i></li> </ul>
<p><i>We provide further detail in the following areas:</i></p> <p><b><i>Additional Assessment Materials</i></b></p> <ul style="list-style-type: none"> <li>• <i>Where it is deemed appropriate, we will use additional assessment materials to give students the opportunity to show what they know, understand or can do in an area of content that has been taught but not yet assessed. Where it is deemed appropriate to do so, we will use alternative assessments which conform to the Ofqual requirements.</i></li> <li>• <i>We will set common assessments across classes to support consistency of judgement between teachers.</i></li> <li>• <i>We will combine and/or remove elements of questions where, for example, a multi-part question includes a part which focuses on an element of the specification that hasn’t been taught.</i></li> </ul>

*Finchley Catholic High School will ensure the appropriateness of evidence and balance of evidence in arriving at grades in the following ways:*

- *We will consider the level of control under which an assessment was completed, for example, whether the evidence was produced under high control and under supervision, under medium control online or under low control at home.*
- *We will undertake reasonable checks to authenticate work as the student's own and ask students to sign a declaration confirming the work as their own.*
- *We will not permit teachers to use re-drafted work as contributing evidence; however, we will permit teachers to allow students to learn from feedback and attempt a new question which assesses the same skills as a previous piece.*
- *We will consider the specification and assessment objective coverage of the assessment.*
- *We will consider the depth and breadth of knowledge, understanding and skills assessed, especially higher order skills within individual assessments.*

## Determining teacher assessed grades

*This section of our Centre Policy outlines the approach our centre will take to awarding teacher assessed grades.*

### **Awarding teacher assessed grades based on evidence**

We give details here of Finchley Catholic High School's approach to awarding teacher assessed grades.

- *Our teachers will determine grades based on evidence which is commensurate with the standard at which a student is performing, i.e. their demonstrated knowledge, understanding and skills across the content of the course they have been taught.*
- *Our teachers will record how the evidence was used to arrive at a fair and objective grade, which is free from bias.*
- *Our teachers will produce an Assessment Record for each class cohort and will share this with their Curriculum Leader, in an agreed format. Any necessary variations in the evidence used for individual students will also be agreed by the Curriculum Leader and SLT Link.*

## Internal quality assurance

This section of our Centre Policy outlines the approach our centre will take to ensure internal standardisation of teacher assessed grades, to ensure consistency, fairness and objectivity of decisions.

### *Head of Centre Internal Quality Assurance and Declaration*

#### **Internal quality assurance**

This section gives details of our approach to internal standardisation, within and across subjects and departments.

- *We will ensure that all teachers involved in deriving teacher assessed grades read and understand this Centre Policy document.*
- *In subjects where there is more than one teacher and/or class in the department, we will ensure that an internal standardisation process takes place.*
- *We will ensure that all teachers are provided with training and support to ensure they take a consistent approach to:*
  - *Arriving at teacher assessed grades*
  - *Marking of evidence*
  - *Reaching a holistic grading decision*
  - *Applying the use of grading support and documentation*
- *We will conduct internal standardisation*
- *We will ensure that all teachers are using the same combination of evidence across all students where this is possible. If there are reasons why this cannot be the case, the reasons for this will be recorded.*
- *We will ensure that the Assessment Record for each student will form the basis of internal standardisation and discussions across teachers to agree the awarding of teacher assessed grades.*
- *Where necessary, we will review and reflect on individual grading decisions to ensure alignment with the standards as outlined by our awarding organisation(s).*
- *Where appropriate, we will amend individual grade decisions to ensure alignment with the standards as outlined by our awarding organisation(s).*
- *Where there is only one teacher involved in marking assessments and determining grades, then the output of this activity will be reviewed by an appropriate member of staff within the centre and we will endeavour to ensure that this is externally validated by an appropriately qualified colleague from another centre.*
- *In respect of equality legislation, we will consider the range of evidence for students of different protected characteristics that are included in our internal standardisation.*

## Comparison of teacher assessed grades to results for previous cohorts

This section of our Centre Policy outlines the approach we will take to compare our teacher assessed grades in 2021 with results from previous cohorts.

<b>Comparison of Teacher Assessed Grades to results for previous cohorts</b>
<p>This section gives details of our internal process to ensure a comparison of teacher assessed grades at qualification level to results for previous cohorts in our centre taking the same qualification.</p> <ul style="list-style-type: none"> <li>• <i>We will compile information on the grades awarded to our students in past June series in which exams took place (e.g. 2017 - 2019).</i></li> <li>• <i>We will consider the size of our cohort from year to year.</i></li> <li>• <i>We will consider the stability of our centre’s overall grade outcomes from year to year.</i></li> <li>• <i>We will consider both subject and centre level variation in our outcomes during the internal quality assurance process.</i></li> <li>• <i>We will prepare a succinct narrative on the outcomes of the review against historic data which, in the event of significant divergence from the qualifications-levels profiles attained in previous examined years, which address the reasons for this divergence. This commentary will be available for subsequent review during the QA process.</i></li> </ul>
<p><i>This section gives details of the approach our centre will follow if our initial teacher assessed grades for a qualification are viewed as overly lenient or harsh compared to results in previous years.</i></p> <ul style="list-style-type: none"> <li>• <i>We will compile historical data giving appropriate regard to potential mixtures of A*-G and 9-1 grades in GCSEs. Where required, we will use the Ofqual guidance to convert legacy grades into the new 9 to 1 scale.</i></li> <li>• <i>We will bring together other data sources that will help to quality assure the grades we intend to award in 2021.</i></li> </ul>
<p><i>This section gives details of changes in our cohorts that need to be reflected in our comparisons.</i></p> <ul style="list-style-type: none"> <li>• <i>We will omit subjects that we no longer offer from the historical data.</i></li> <li>• <i>We will identify subjects which have limited historical data and for which historical data will be less meaningful.</i></li> <li>• <i>We will identify subjects which have had low cohort numbers and for which, therefore, historical data is less reliable.</i></li> <li>• <i>We will identify subjects which have had changes in staffing teaching on the course, and therefore, historical data may be less meaningful.</i></li> <li>• <i>We will consider the APS on entry of students in the cohorts compared to those in previous years – at cohort level and subject level.</i></li> </ul>

## Access Arrangements and Special Considerations

This section of our Centre Policy outlines the approach our centre will take to provide students with appropriate access arrangements and take into account mitigating circumstances in particular instances.

### **Reasonable adjustments and mitigating circumstances (special consideration)**

This section gives details of our approach to access arrangements and mitigating circumstances (special consideration).

- *We will ensure that teachers are aware that mitigating circumstances will not lead to leniency of grading judgements, but it may affect the evidence being used for individual students. This will ensure that the standard is maintained.*
- *Where students have agreed access arrangements or reasonable adjustments (for example a reader or scribe) we will make every effort to ensure that these arrangements are in place when assessments are being taken.*
- *Where an assessment has taken place without an agreed reasonable adjustment or access arrangement, we will remove that assessment from the basket of evidence and alternative evidence obtained.*
- *Where illness or other personal circumstances might have affected performance in assessments used in determining a student's standard of performance, we will take account of this when making judgements.*
- *We will invite students to make us aware of any mitigation to be considered when we publish the list of evidence we will use for each subject. This will ensure equality for all students as our knowledge of circumstances may not be consistent.*
- *We will record, as part of the Assessment Record, how we have incorporated any necessary variations to take account of the impact of illness or personal circumstances on the performance of individual students in assessments.*
- *To ensure consistency in the application of Special Consideration, we will ensure all teachers have read and understood the document: JCQ – A guide to the special consideration process, with effect from 1 September 2020.*

## Addressing disruption/differential lost learning (DLL)

### **B. Addressing Disruption/Differentiated Lost Learning (DLL)**

This section gives details of our approach to address disruption or differentiated lost teaching.

- Teacher assessed grades will be determined based on evidence of the content that has been taught and assessed for each student.
- Regarding the disruption to whole classes/cohorts, this will be addressed through the slimming down of the curriculum/NEA coverage.
- Regarding the disruption to individuals, students will be invited to make their circumstances known to us if their performance in a counting assessment was adversely affected either in the lead up to the assessment or in the assessment itself. Where a student is determined to have a valid case, the evidence used for that student will be re-considered and justified.

## Objectivity

This section of our Centre Policy outlines the arrangements in place to ensure objectivity of decisions.

### Objectivity

This section gives a summary of the arrangements in place within our centre in relation to objectivity.

*Staff will fulfil their duties and responsibilities in relation to relevant equality and disability legislation. Additional staff training will be delivered in May with respect to this.*

*Senior Leaders, Heads of Department and the Centre will consider:*

- *sources of unfairness and bias (situations/contexts, difficulty, presentation and format, language, conditions for assessment, marker preconceptions);*
- *how to minimise bias in questions and marking and hidden forms of bias); and*
- *bias in teacher assessed grades.*

*To ensure objectivity, all staff involved in determining teacher assessed grades will be made aware that:*

- *unconscious bias can skew judgements;*
- *the evidence presented should be valued for its own merit as an indication of performance and attainment;*
- *teacher assessed grades should not be influenced by candidates' positive or challenging personal circumstances, character, behaviour, appearance, socio-economic background, or protected characteristics;*
- *unconscious bias is more likely to occur when quick opinions are formed;*

*Our internal standardisation process will help to ensure that there are different perspectives to the quality assurance process.*

- Stage 1: All assessments which form part of the evidence base will involve standardisation and/or moderation where it is possible to do so.
- Stage 2: Subject teachers and Curriculum Leaders (CALs) will establish a 'working at' grade based on the evidence held up until a given date.
- Stage 3: SLT links will liaise with CALs to stress test the working at grades awarded – this to include students from key groups of students, including those with protected characteristics.
- Stage 4: Centralised Assessments in April/May will use candidate numbers rather than names to allow for blind marking. Staff will not know whose scripts they are marking. One member of staff to be given a lower marking load so that they can spot check the marking of others in the department.
- Stage 5: Standardisation of Centralised Assessments will take place before marking, and moderation of judgements will take place after marking has been completed.
- Stage 6: Once the evidence base has been established and the final grades determined, final grading judgements and portfolios to be moderated at department level.
- Stage 7: Cross-school moderation to take place where possible.
- Stage 8: SLT Links will stress test the portfolios against the final grading judgements for a sample of students, including those with protected characteristics. Comparisons to historical data will form part of this.
- Stage 9: Core group of SLT to undertake final moderation and spot check of key groups.

## Recording decisions and retention of evidence and data

This section of our Centre Policy outlines our arrangements to recording decisions and to retaining evidence and data.

### **C. Recording Decisions and Retention of Evidence and Data**

This section outlines our approach to recording decisions and retaining evidence and data.

- *We will ensure that teachers and Curriculum Leaders maintain records that show how the teacher assessed grades process operated, including the rationale for decisions in relation to individual marks/grades.*
- *We will ensure that evidence is maintained across a variety of tasks to develop a holistic view of each student's demonstrated knowledge, understanding and skills in the areas of content taught.*
- *We will put in place a checklist for the various stages of the process to ensure that there is a consistent approach to making decisions and the retention of evidence used to make decisions.*
- *We will comply with our obligations regarding data protection legislation.*
- *We will ensure that the grades accurately reflect the evidence submitted.*
- *We will ensure that evidence (generated on or after 24<sup>th</sup> March and before, if available) is retained electronically or on paper in a secure centre-based system that can be readily shared with our awarding organisation(s).*

## Authenticating evidence

### **D. Authenticating evidence**

This section of our Centre Policy details the mechanisms in place to ensure that teachers are confident in the authenticity of evidence, and the process for dealing with cases where evidence is not thought to be authentic.

- *Robust mechanisms, which will include a student declaration will be in place to ensure that teachers are confident that work used as evidence is the students' own and that no inappropriate levels of support have been given to students to complete it, either within the centre or with external tutors.*
- *It is understood that awarding organisations will investigate instances where it appears evidence is not authentic. We will follow all guidance provided by awarding organisations to support these determinations of authenticity.*

## Confidentiality, malpractice and conflicts of interest

### Confidentiality

*This section of our Centre Policy outlines the measures in place to ensure the confidentiality of the grades our centre determines, and to make students aware of the range of evidence on which those grades will be based.*

<b>A. Confidentiality</b>

<p><i>This section details the measures in place in our centre to prevent malpractice and, where that proves impossible, to handle cases in accordance with awarding organisation requirements.</i></p> <ul style="list-style-type: none"> <li>• <i>All staff involved have been made aware of policy principles regarding malpractice, and have received training in them as necessary.</i></li> <li>• <i>All staff involved have been made aware of the specific types of malpractice which may affect the Summer 2021 series including:</i> <ul style="list-style-type: none"> <li>- <i>breaches of internal security;</i></li> <li>- <i>deception;</i></li> <li>- <i>improper assistance to students;</i></li> <li>- <i>failure to appropriately authenticate a student's work;</i></li> <li>- <i>over direction of students in preparation for common assessments;</i></li> <li>- <i>allegations that centres submit grades not supported by evidence that they know to be inaccurate;</i></li> <li>- <i>centres enter students who were not originally intending to certificate a grade in the Summer 2021 series;</i></li> <li>- <i>failure to engage as requested with awarding organisations during the External Quality Assurance and appeal stages; and</i></li> </ul> </li> </ul>

- *failure to keep appropriate records of decisions made and teacher assessed grades.*
- *The consequences of malpractice or maladministration as published in the JCQ guidance: [JCQ Suspected Malpractice: Policies and Procedures](#) and including the risk of a delay to students receiving their grades, up to, and including, removal of centre status have been outlined to all relevant staff.*

### Conflicts of Interest

This section of our Centre Policy outlines the measures in place to address potential conflicts of interest.

<b>C. Conflicts of Interest</b>
<p><i>This section details our approach to addressing conflicts of interest, and how we will respond to such allegations.</i></p> <ul style="list-style-type: none"> <li>• <i>To protect the integrity of assessments, all staff in school have been invited to declare a conflict of interest. We do not have any staff involved in the determination of grades who has a conflict of interest.</i></li> <li>• <i>Our Head of Centre will take appropriate action to manage any conflicts of interest arising with centre staff in accordance with the JCQ documents - <a href="#">General Regulations for Approved Centres, 1 September 2020 to 31 August 2021</a>.</i></li> <li>• <i>We will also carefully consider if there is a need to separate duties and personnel to ensure fairness in later process reviews and appeals.</i></li> </ul>

**Please note: whilst we do not have any Private Candidates, we have a very small number of students (three) who are educated off site, two of whom for one subject only. In these cases, we are working closely with their external tutors/teachers and will be undergoing a moderation process to verify the grades awarded.**

### External Quality Assurance

This section of our Centre Policy outlines the arrangements in place to comply with awarding organisation arrangements for External Quality Assurance of teacher assessed grades in a timely and effective way.

<b>A. External Quality Assurance</b>
<p><i>This section outlines the arrangements we have in place to ensure the relevant documentation and assessment evidence can be provided in a timely manner for the purposes of External Quality Assurance sampling, and that staff can be made available to respond to enquiries.</i></p> <p><i>All staff involved have been made aware of the awarding organisation requirements for External Quality Assurance as set out in the <b>JCQ Guidance</b>.</i></p>

- *All staff involved have been briefed on the possibility of interaction with awarding organisations during the different stages of the External Quality Assurance process and can respond promptly and fully to enquiries, including attendance at Virtual Visits should this prove necessary.*
- *Arrangements are in place to respond fully and promptly to any additional requirements/reviews that may be identified as a result of the External Quality Assurance process.*
- *Staff have been made aware that a failure to respond fully and effectively to such additional requirements may result in further action by the awarding organisations, including the withholding of results.*
